iPAS Installation Instructions

Please click on your operating system below to see detailed instructions for installing iPAS on your computer.

Windows XP

Windows Vista

Windows 7

Windows 8

Windows 10

Mac OS X

Windows XP

Below are instructions for installing iPAS on Windows XP. Click <u>here</u> to view instructions for other operating systems.

Installing iPAS on Windows XP

1. Download the Installer

Download the current iPAS installer from one of the following links: iPAS Install Book 1 Windows iPAS Install Book 2 Windows

You will need your book to download the file.

2. Run the Installer

Run the iPAS Installer you have downloaded from the Kjos website.

Windows Vista

Below are instructions for installing iPAS on Windows Vista. Click <u>here</u> to view instructions for other operating systems.

Installing iPAS on Windows Vista

1. Download the Installer

Download the current iPAS installer from one of the following links: iPAS Install Book 1 Windows iPAS Install Book 2 Windows

You will need your book to download the file.

When prompted to either **Run** or **Save** the installer from the Kjos website, choose **Save**.

2. Compatibility Settings

Once the download is complete, do the following:

- Right-click on the installer and choose Troubleshoot Compatibility
- Choose Try Recommended Settings
- Click the Start the Program button

A shield will show up on the task bar at the bottom of your screen. Click on this button and select **Yes** to allow the software to make changes to your computer.

3. Install iPAS

Once the above is complete, follow the prompts to complete the installation.

First Run of iPAS

After installing the program, you must follow the steps below prior to use of the program.

1. Right-click on the iPAS icon

2. Click Properties

3. Choose the Compatibility tab and set the following options:

- 3A. Select the box to Run as Administrator
- 3B. Select the checkbox to run in Compatibility Mode
- 3C. Select Compatibility Mode for Windows XP Service Pack 2
- 4. Press OK
- 5. Run the iPAS software

Windows 7

Below are instructions for installing iPAS on Windows 7. Click <u>here</u> to view instructions for other operating systems.

Installing iPAS on Windows 7

1. Download the Installer

Download the current iPAS installer from one of the following links: iPAS Install Book 1 Windows iPAS Install Book 2 Windows

You will need your book to download the file.

When prompted to either Run or Save the installer from the Kjos website, choose Save.

2. Compatibility Settings

Once the download is complete, do the following:

- Right-click on the installer and choose Troubleshoot Compatibility
- Choose Try Recommended Settings
- Click the Start the Program button

A shield will show up on the task bar at the bottom of your screen. Click on this button and select **Yes** to allow the software to make changes to your computer.

3. Install iPAS

Once the above is complete, follow the prompts to complete the installation.

First Run of iPAS

After installing the program, you must follow the steps below prior to use of the program.

1. Right-click on the iPAS icon

2. Click Properties

3. Choose the Compatibility tab and set the following options:

- 3A. Select the box to Run as Administrator
- 3B. Select the checkbox to run in Compatibility Mode
- 3C. Select Compatibility Mode for Windows XP Service Pack 3
- 4. Press OK
- 5. Run the iPAS software

Windows 8

Below are instructions for installing iPAS on Windows 8. Click <u>here</u> to view instructions for other operating systems.

Installing iPAS on Windows 8

1. Download the Installer

Download the current iPAS installer from one of the following links: iPAS Install Book 1 Windows iPAS Install Book 2 Windows

You will need your book to download the file.

When prompted to either **Run** or **Save** the installer from the Kjos website, choose **Save**.

2. Compatibility Settings

Once the download is complete, do the following:

- Right-click on the installer and choose Troubleshoot Compatibility
- Choose Try Recommended Settings
- Click the Start the Program button

A shield will show up on the task bar at the bottom of your screen. Click on this button and select **Yes** to allow the software to make changes to your computer.

3. Install iPAS

Once the above is complete, follow the prompts to complete the installation.

First Run of iPAS

After installing the program, you must follow the steps below prior to use of the program.

1. Click the Start button

2. Click the Search button

3. Type "iPAS" in the Search box

4. Right-click on iPAS in the search results

9. Press OK

10. Run the iPAS software

Windows 10

Below are instructions for installing iPAS on Windows 10. Click <u>here</u> to view instructions for other operating systems.

Installing iPAS on Windows 10

1. Download the Installer

Download the current iPAS installer from one of the following links: iPAS Install Book 1 Windows iPAS Install Book 2 Windows

You will need your book to download the file.

When prompted to either **Run** or **Save** the installer from the Kjos website, choose **Save**.

2. Compatibility Settings

Once the download is complete, do the following:

- Right-click on the installer and choose Troubleshoot Compatibility
- Choose Try Recommended Settings
- Click the Start the Program button

A shield will show up on the task bar at the bottom of your screen. Click on this button and select **Yes** to allow the software to make changes to your computer.

3. Install iPAS

Once the above is complete, follow the prompts to complete the installation.

First Run of iPAS

After installing the program, you must follow the steps below prior to use of the program.

1. Type "iPAS" in the Search box

2. Right-click on iPAS in the search results and select "Open file location" in the menu

3. Right-click on iPAS and select "Properties" in the menu

4. Set the following settings:

- 4A. Click the Compatibility tab
- 4B. Set the program to run in compatibility mode for Windows XP Service Pack 3
- 4C. Set the program to run as an administrator

5. Press OK

6. Run the iPAS software

Mac OS X

Below are instructions for installing iPAS on Mac OS X. Click <u>here</u> to view instructions for other operating systems.

Installing iPAS on Mac OS X

1. Download the Installer

Download the current iPAS installer from the following page: iPAS Install Book 1 Mac iPAS Install Book 2 Mac

You will need your book to download the file.

2. Run the Installer

Run the iPAS Installer you have downloaded from the Kjos website.

If you receive the message "unable to save changes to lib/settings/users.txt (Access is denied)" when running iPAS on Mac OS X 10.6 or later, follow the steps below.

Changing iPAS Folder Permissions

1. In the Go menu, select Go to Folder

2. Type "/library/application support" in the Go to Folder box

💼 Finder File Edit View Go Window Help		🔁 🗱 🍂 🚖 🤶 🖬 📢 Wed 9:57 AM Py Kolb Q
